Advanced Clinical Supervision

Presented by Marshall Jung, D.S.W.

Wednesday December 2, 2009

8:00 a.m. ~ 4:00 p.m.

(sign in begins at 8:00am, doors close promptly at 8:30am)

LOCATION: The new DBH Training Institute!

1950 S. Sunwest Lane, Suite 200, San Bernardino, 92408

To help maintain the condition of the new Training Institute, only water in a container with a lid will be allowed in the training rooms. No food or other drinks will be permitted. Vending machines with food and drinks are available on site for consumption in the break room.

Learning Objectives

By the end of this course, participants will be able to:

- Describe the similarity and differences between teaching, training, and supervision.
- Describe the body of knowledge and skills required of supervisors.
- Demonstrate the characteristics of an effective supervisor.
- Understand various models and methods of supervision and the ability to use them.
- Understand learning styles and how to take them into consideration in the supervisory process.
- Understand the cultural issues that must be taken into consideration in both supervision and clinical practice.
- Recognize and address various problems encountered in supervision.
- Write a philosophy of supervision.
- Recognize and address ethical and legal issues in supervision.
